

R.W. LYALL

LYCOFAST® Complete Service Line Kits

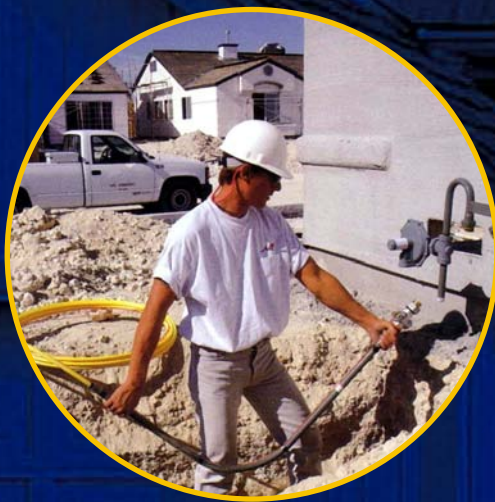

The *FASTest* Way To....

LYCOFAST® is a pre-assembled, pre-packaged main to meter service line system designed to save your company the high costs associated material management, transportation, and warehousing, with the added benefit of faster and more economical service line installation.

Benefits to You

LYCOFAST® consolidates as many as 18 part numbers per service line installation into "1" unique part number with the following benefits:

- Fewer contracts and supplier negotiations
- Reduced inventory and maintenance
- More efficient handling and storage
- Reduced transportation costs
- Fewer parts on crew trucks
- Reduced labor in the field with "1" joint installation

.... Save Time, Save Money
