- The **LYCO® SNOW-SHIELD** is specially designed and constructed to protect Meter Set Assemblies (MSA) from the impact of shedding snow and ice from neighboring roof tops and other structures.
- The **LYCO® SNOW-SHIELD** is ideal for residential Natural Gas and LPG service set protection.
- The all welded roof frame, support legs, and wall mounting brackets of the **LYCO® SNOW-SHIELD** are protected from the elements by a durable, electrostatically applied, polyester coating.

- The sub-assembled **LYCO® SNOW-SHIELD** is shipped flat, and is complete with all mounting hardware and installation instructions.
